PUC

PHC

APPLICATION FOR PHYTOSANITARY REGISTRATION OF PRODUCTION UNITS FOR THE EXPORT OF TABLE GRAPES TO ISRAEL AND CHINA AND ORGANIC GRAPES TO THE USA

Closing dates: 08 August 2008

Please make sure that you:

- Study the registration form carefully and complete it as requested
- Pay the tariffs at the bank (strictly no cheques will be accepted) and clearly state the PUC on the proof of payment and attach it to the registration document
- Complete the check list at the end of this registration document to verify if all the information are completed correctly
- Keep a copy of the whole registration document and records of the Courier Service used to send the documentation to DoA

NB: Tariff Payments are compulsory: R400.00 annually per each facility (PUC, PHC or Inspection point). NO CHEQUE WILL BE ACCEPTED

Banking details are as follows:

- Bank name: Standard Bank
- Branch: Arcadia
- Branch code: 01-08-45
- Account No: 011278196
- Account Name: NDA Miscellaneous Deposits
- Reference: PHYTO REGISTR (indicate PUC). **If the tariff is paid for many facilities, provide the copy with full details corresponding with the amount paid.**

Please courier (do not faxed or mailed) completed and signed documents to the following address:

Room 440/457
Harvest House
Directorate Plant Health
Department of Agriculture
30 Hamilton Street
Arcadia, Pretoria
0002

**Attention to: Ms Khomotso Mashala (012) 319 6289
Mr Ndivhuwo Tshisudzungwane (012) 319 6026**

1. DECLARATION OF INTENT:

I/We the undersigned as producer understand and shall comply with all the stipulations of the applicable export programme(s) (protocols) with specific reference to the following:

1. Only fruit produced in registered orchards/vineyards may be sourced for the applicable export programme(s).
2. Consignment shall be free of any of the listed quarantine organisms that pose a phytosanitary risk to the importing country.
3. Only DoA and PPECB approved packing houses and cold chambers/containers must be utilised for handling, storing and cold sterilisation of the fruit.
4. Only fruit that are from the approved production unit(s) (PUC) and clearly marked for a specific export programme shall be allowed for export.
5. All the correct information is completed in the registration document, correct amount of tariff is paid at the bank, copy of proof is attached in the registration document and check list is completed and attached to the document.
6. The copies of the registration document are kept in the orchards for record purpose.
7. Application for registration of production unit shall not be considered if
 - a) The registration document is illegible (information to be typed or completed in clear block letters),
 - b) Information is insufficient or incorrect, or
 - c) Documentation is received after the closing date, and when documentation is faxed or mailed
 - d) If proof of payment is not attached/received
8. Pages must be signed at the indicated places, and initialed at the bottom of each page of this document.
9. The Directorates Plant Health and or APIS shall not be held responsible for any financial or other losses resulting from non-compliance by the producer or the exporting agents providing incorrect, insufficient and/or illegible information.
10. I/We accept the fact that if in any manner I/we do not comply with the requirements of the applicable export programme (s), which include interception rate of quarantine pests, could result in expulsion from further participation in the present season.
11. I/We accept the opinion, protocol, Good Agricultural Practices (GAP), inspections and requirements of the South African National Plant Protection Organisation (DoA: PH, APIS) as final and in accordance with the applicable export programme (s).

2. I herewith, in my capacity as producer, declare that the information provided are correct and I take full responsibility for, and comply with, all the requirements as prescribed in the respective export protocols for the export of fresh fruit to the country (countries) as indicated under section A & C.

SECTION B

PUC

PHC

Confirmation of information on DoA website (PUC registered for previous 2007/08 export season)

NB: The reason for completing this section is to allow producers to confirm correctness of previous information and provide changes

Previously approved PUCs	Yes	NO
1. Is the PUC registered for last season (2007/8) as appeared on DoA website still going to export table grapes to Israel and China, and organic grapes to USA during 2008/9 season?		
2. Do you want the information on section A to remain the same for 2008/09? If the answer is yes, you are still required to complete section A for verification.		
• Is the information correct?		
3. Do you want the information on section C to remain the same and used for 2008/09 season? If your answer is yes, you are required to complete section C and appendix A (for Israel) for verification		

- NB:**
- 2007/08 approved lists to be placed on DoA website for producers to verify the information and provide changes to DoA (please complete the relevant sections);
 - All PUCs (New and previous registered ones) should pay the tariffs R400.00 and clearly indicate the PUC on the proof of payment;

SECTION C

DETAILS OF THE PRODUCTION UNIT (PUC)

- NB:**
- 1. All producers (new producers and previously registered) must complete this section in full**
 - 2. Please complete the table below with all the information required and also tick the country where you intend to export your table grapes.**
 - 3. For USA, only organic grapes must registered, for Israel (only table grapes from Hex and Orange River valley) and for China (table grapes from all production areas in South Africa)**

(If this table is too small, please duplicate this format and add to the document)

FRUIT TYPE (e.g. table grapes)	CULTIVAR (Please write it in full, do not use abbreviation)	ORCHARD / VINEYARD NO.	Ha	Please tick the appropriate country where the indicated cultivar and orchard no. will be exported		
				<u>ISRAEL</u> Table grapes -(For only Hex and Orange river valley)	USA (organic grapes)	CHINA (Table grapes)

Signature:.....**Date:**.....

TO BE COMPLETED BY ONLY PRODUCERS INTENDING TO EXPORT TABLE GRAPES TO ISRAEL

ORCHARD SANITATION OF LISTED QUARANTINE ORGANISMS FOR TABLE GRAPE EXPORTS TO ISRAEL

It is important to take note of the following requirements as set out in the protocol:

*Plantex must be used for the control of the banded fruit weevil (BFV) in the **Hex River Valley**. It must not be applied directly onto the stems of vines younger than 3 years old. It should be applied during September before the banded fruit weevil moves upward into the vines. The Plantex band should be positioned about 25 cm below the branching of the main stem.*

- The grapes must originate from vineyards that are free from *Aleurocanthus woglumi* and from areas free from citrus groves with at least 500m between the edge of the vineyard and the citrus groves.
- The grapes must originate from vineyards that have been free from *Quadraspidiotus perniciosus* during the last two growing seasons.

ORCHARD SANITATION:

Please provide the following detail regarding orchard sanitation of the listed quarantine organisms according to the guidelines provided below:

- *Blank spaces will result in rejection of application.*
- *The comment “Do not occur in the area of production” will result in rejection of application*
- *Inspectors of the Department of Agriculture (DoA-APIS) will verify information when visiting production units during the season.*

1. What monitoring system is used?
 - a. Trapping – details on the kind of traps used. (Pheromone traps are required by the protocol for *Ceratitis rosa*).
 - b. Surveys – details of survey (e.g. visual inspections of trees/vines or fruit/leaves/organisms sampled for inspection with microscope).

2. How many:
 - a. Traps are placed per hectare?
 - b. Trees/vines per hectare are surveyed?

3. According to which criteria (random selection or specific guidelines –details) are trees/vines selected for:
 - a. Placement of traps?
 - b. Survey?
4. Frequency of monitoring (e.g. once a week)
5. Frequency of replacing traps and trap bottoms/lure
6.
 - a. In detail, please summarize the results of the pheromone trapping for the period 1 July – 1 October preceding the export season
 - b. In detail, please summarize the results of the surveys conducted for *Quadraspidiotus perniciosus* during the preceding 2 growing seasons.
7. At what stage (threshold) are control measures applied to control *Ceratitis rosa*? (It is required that no *C. rosa* was trapped 3 months prior to export).
8. What control measures (chemical, biological and cultural) have been applied in approximately the past 5 years? Do not supply records but provide a **summary** of these measures (e.g. chemical: product name and rate of application)
9. What control measures are available and considered for application should it be deemed necessary?

Please supply information in the following table according to the questions listed on the previous pages. In the table the applicable questions are indicated specifically for each organism.

Check list with regard to completion of phytosanitary registration form, this part is compulsory to be completed by producers

	PUC:..... Name of producer:.....	Confirm √ = Yes X = No
1.	General	
1.1	Is the correct Production Unit Code (PUC) and Pack house Code (PHC) completed in full?	
1.2	Did you read and understand the declaration of intent?	
1.3	Is the declaration of intent page signed and the date indicated?	
1.4	Are all the other pages signed and initialized as required?	
1.5	Did you understand all the procedures for phytosanitary registration?	
1.6	Are the separate registration document completed for different PUC?	
1.7	Do you have the correct address where you have to courier the registration document?	
1.8	Is your document completed and forwarded before the closing dates?	
1.9	Did you make a copy of the registration document and keep them in the farm for record purpose?	
2.	Tariff payments	
2.1	Did you paid the required tariffs of R400 per facility to the relevant Department of Agriculture (DoA) account?	
2.2	Is the proof of payment / deposit slip attached in the registration document?	
2.3	Is the tariffs paid through the bank, and no cheque is attached on registration document?	
2.4	Did you stipulate the correct reference number including the PUC no.?	
2.5	If the tariffs is paid for more that one facilities, did you clearly indicated the PUC / PHC/ inspection point that are paid for?	
2.6	Are the facilities registered corresponding with the amount paid?	
3.	Section A	
3.1	Are the correct PUC and PHC completed in full?	
3.2	Are the different registration document completed for different PUC?	
3.3	Did you tick the correct country where you want to export your fruit?	
3.4	Are all the information including name of PUC, producer, farm manager, tel no., cell no., email address, postal address, Provinces and magisterial districts completed in full?	
3.5	Did you indicate the name of PHC manager and contact details for the pack house you are going to utilize?	
3.6	Did you sign and indicate the date at the bottom of the page?	
4.	SECTION B	
4.1	Are the correct PUC and PHC completed in full?	
4.2	Are all the information regarding the previous 2007/08 completed in full?	
4.3	Did you sign and indicate the date at the bottom of the page?	
5.	SECTION C	
5.1	Are the correct PUC and PHC completed in full?	
5.2	Did you complete the information regarding fruit type, cultivars and orchard / vineyard no. in full not using abbreviations?	
5.3	Did you tick the correct country where you want to export your product?	
5.4	Did you sign and indicate the date at the bottom of the page?	
6.	APPENDIX A (FOR TABLE GRAPES TO ISRAEL)	
6.1	Did you read and understand the requirements as set out in the protocol for the export of table grapes to Israel?	
6.2	Did you complete all the 9 required details for <i>Ceratitis rosa</i> (natal fruit fly) without living blank spaces or indicating "do not occur in the area of production"	
6.3	Did you complete all the required details (except for no 5) for <i>Quadraspidiotus perniciosus</i> (pernicious scale) without living blank spaces or indicating "do not occur in the area of production"
